Message from the Mayor

On behalf of the Tiwi Islands Regional Council (TIRC), I am honoured to present you the 2023-2024 Regional Plan and Budget. The plan reflects the Council's unwavering commitment to our community's well-being, empowerment, and prosperity and is an opportunity to share Council's priorities for the year ahead.

The Local Authority Committee has been committed to improving Council's infrastructure and supporting community activities. This support will help us to ensure we all live in an inclusive and sustainable place.

On behalf of the Council and elected Members, I want to thank both the Northern Territory and the Federal Governments and Departments for their ongoing support and funding to enable Council the continuity of service delivery on the ground across all our local government areas (Milikapiti, Pirlangimpi, and Wurrumiyanga) and six homelands.

I also take this opportunity to thank Tiwi Land Council and the three Clan Groups, Mantiyupwi, Wulirankuwu, and Munupi, for their willingness to work with Council and staff to build a respectful working relationship. These respectful relationships are essential for community lead solutions to our people's social and economic issues.

Council will continue to work with the CEO to deliver services that meet our people's cultural obligations. As community leaders, we will be available to meet with community members.

I look forward to working with Deputy Mayor Leslie Tungatalum and Elected Members to create a positive future for our community.

I pay my respect to the loved ones we have lost and recently laid to rest; we will always treasure their memory.

**Pirrawayingi
Mayor**

CEO Foreword

Welcome to the Tiwi Islands Regional Council Regional Plan and Budget (known as the Plan) 2023-2024, my first in the role of Chief Executive Officer. This Plan serves as a financial roadmap and provides a way forward in how the Council intends to deliver essential services, foster development, and ensure the well-being of our community members.

As a remote local government, we understand the importance of financial planning and resource allocation that addresses our community's specific needs and aspirations.

The 2023 -2024 Plan reflects an analysis of those needs, considering the input and feedback received from our community members, leaders, and stakeholders.

Recognising the unique circumstances and geographic challenges in which we live, our budget strongly emphasizes improving infrastructure through the delivery of state and federal government-funded project grants. These investments will help bridge the gap and provide equitable opportunities for our remote community members.

While focusing on improving the organisation's governance and compliance, our team remains committed to financial responsibility, accountability, and transparency. Our Plan includes mechanisms for rigorous monitoring, evaluation, and reporting to ensure that resources are utilised efficiently and effectively. We will maintain open lines of communication with our community members, providing regular updates on the progress and impact of our financial decisions.

I also want to thank our Elected Members for their trust and support. Your input and engagement have been invaluable in shaping this budget to reflect the needs and aspirations of our community. Your resilience and spirit continue to inspire us as we work towards the betterment of our entire community.

Thank you for welcoming me and my family into your community; we look forward to the year ahead and building new relationships and friendships. Let us embrace the opportunities that lie ahead as we transform this budget into meaningful outcomes and a better future for our Tiwi Island community.

With respect

Gina McPharlin
CEO

Our Region

Tiwi Islands Regional Council

The Tiwi Islands Regional Council (TIRC) is the Australian local government representative body that covers Bathurst and Melville Islands. TIRC delivers local government services and community programs to a population of 2,030 (ABS, 2021). As of May 2019, there are 1,592 registered voters across both islands.

Tiwi people have maintained an unbroken connection to the land for tens of thousands of years and have been separated from the Australian mainland since the last ice age approximately 11,000 years ago. This isolation has produced a unique culture, defined by a singular language, complex kinship system, and connections to country, totemic relationships to animals and distinct dance and artistic styles.

Local Authorities

Local Authorities are a forum where community issues, concerns, ideas and projects can be raised and communicated to the Council. They play an important role as a two-way feedback mechanism between the Council and the community. Members represent the four skin groups of the Tiwi Islands and provide a link to cultural authority in our local decision making.

Our three largest communities, Wurrumiyanga, Pirlangimpi and Milikapiti are represented by local authorities. Each group meets quarterly to discuss community priorities for Council consideration.

Legal Frameworks and Assessments

The *Local Government Act 2019* commenced on 1 July 2021 and provides for local government in the Northern Territory.

Requirements of a Regional Plan

Local Government Act 2019

22 Functions of council

(1) The functions of a council include the following:

- (a) to plan for the future requirements of its area for local government services;
- (b) to provide services and facilities for the benefit of its area, its residents and visitors;
- (c) to make prudent financial decisions;
- (d) to manage the employment of the CEO;
- (e) to provide for the interests and well-being of individuals and groups within its area;
- (f) to carry out measures to protect its area from natural and other hazards and to mitigate the effects of such hazards;
- (g) to plan and develop council facilities and services in its area in a sustainable way;
- (h) to plan the use of council resources for the benefit of its area;
- (i) other functions assigned to the council under this Act or another Act.

(2) The functions of a council may (if the council decides to perform the functions) include the following:

- (a) to promote its area as a location for appropriate industries or commerce or as an attractive tourist destination;
- (b) to establish or support programs that benefit its area.

23 Powers of council

A council may do all things necessary or convenient to be done for, or in relation to, the performance of the council's functions.

Assessment of Constitutional Arrangements

TIRC is required by the legislation *Local Government Electoral Regulations 2008* to review electoral representation arrangements at least once during each Council term.

The purpose of the Electoral Representation review is to assess whether the arrangements provide the most effective possible representation for residents in the Council's area.

The current representation ratios advised by the Northern Territory Electoral Commission (NTEC) are listed below:

Ward	Voters enrolled	Councillors	Voters to Councillors ratio
Bathurst Island	1054	6	175
Pirlangimpi	262	3	87
Milikapiti	295	3	98

Assessment of Administration and Regulatory Framework

The regulatory and administrative framework that Tiwi Islands Regional Council (TIRC) operates within is set out by the *Local Government Act 2008* and associated regulations. With guidance from the NT government, TIRC is going through a period of transition in order to comply with the *Local Government Act 2019*. The new act will come into effect on 1 July 2021. This Regional Plan reflects the requirements of a Regional Plan as outlined in the *Local Government Act 2008*.

The *Local Government Act 2008* legislates the creation and function of local councils in the Northern Territory. All local government areas function under this legislative framework, however, there are significant barriers to sustainable operations and service delivery in remote communities. These barriers include short term funding grants which fill a gap created by limited service providers and market failure, which obstruct long term financial planning and sustainability. The imposition of onerous compliance requirements disadvantage remote communities that already struggle to raise revenue through the impracticality of issuing fines and an extremely limited rates base.

TIRC is responsible for enforcing Council by-laws that control particular activities within Tiwi community boundaries at Wurrumiyanga, Pirlangimpi and Milikapiti. These by-laws pertain to littering, animal management and the expected behaviour of Councillors. However, these by-laws can be difficult to enforce in our remote context.

Council understands the important role that administration and reporting measures play in our governance model however seeks recognition of the pressure that they place on regional and remote councils. An absence of financial assistance for administration will contribute towards greater inequality between municipalities and regional councils. The resources to achieve regulatory compliance are drawn from Council's minimal discretionary funds. With limited funds available Council must often choose between allocating funds to community projects or to achieving regulatory measures.

Hierarchy of plans

We recognise the importance of having relevant and meaningful plans to assist management in delivering the Council's priorities.

The 'TIRC Strategic Plan – Towards 2020 Vision and Beyond' (find at <https://tiwiislands.org.au/the-council/council-strategic-plan>) sets out our overarching vision and our aspirations. Each element of the strategic plan informs the next level of our corporate planning. Our Council objectives are derived from our goals. They are realistic expectations that will be used in the coming year to create operational plans for each business unit.

Sitting below the Regional Council Plan will be the Local Authority Plans. These plans will be developed to clearly define Local Authority priorities for the coming years. These plans will be aligned with the goals and objectives of the Council Plan.

Considering our strategic plan in this way enables us to measure progress against objectives and more effectively report back to Council, stakeholders and the NT Government on our activity.

Our Vision

“Service for a Tiwi future”

Our Mission

Represent the Tiwi community by:

- Being an advocate to other levels of Government.
- Facilitating activity in partnership with others.

Service Delivery Plans

TIRC Service Delivery Plans outline the ways in which each section of the Council can contribute to achieving the strategic goals of the Council.

Each Service Delivery Plan contains the specific goals and objectives that this section contributes to. Each plan also describes their activities, service level commitments and whether there are any regulatory or compliance issues relating to this delivery.

Service delivery plans are laid out in the following order:

- Chief Executive Officer
- Infrastructure
- Community Engagement
- Finance
- Organisational Development and Change (Human Resources)

Infrastructure Service Delivery Plans

Infrastructure provides the services that all communities on Tiwi islands rely on and use every day. We run the inter-island ferry, manage the airports, collect the rubbish, manage the tips, repair and grade the roads, cut the grass around the communities, maintain the ovals, pools and recreation halls, repair streetlights, pick up litter and clear storm water drains.

Infrastructure also manages all Council fixed assets – workshops, Council offices, recreational facilities and Council housing. Council is now renting out housing to many organizations in the three communities as well as managing our commercial properties. Council collects rent from all staff in staff housing as well as rent from our commercial properties.

Infrastructure also manages the delivery of major projects and grants, such as the Milikapiti Water Park, extensions to the Milikapiti Oval, major upgrades to the Pirlangimpi Pool, repairs to the Wurrumiyanga Pool and road repairs and sealing.

Tiwi Islands Regional Councils Infrastructure team manage the Homelands funding and maintenance and repairs on the Tiwi Islands. There are 5 outstations on the islands which council is responsible for.

Infrastructure has also managed the Northern Territory stimulus package, the Special Community Assistance and Local Employment program and the Commonwealth Government stimulus package, the Local Roads and Community Infrastructure program.

Council has been able to purchase 5 new vehicles in the last financial year which has allowed it to dispose of some of its ageing fleet.

Cemeteries

In line with the recently introduced Northern Territory Government, Department of Chief Minister and Cabinet, the Tiwi Islands Regional Burial and Cremation Bill 2022, Local Government and Regional Development, Council vision to beautify all local cemeteries across the Tiwi Islands. To enable Council to be able to prioritise the work, funding is required to engage elders and young people (as a learning pathway) to identify very old plots, replace dilapidated wooden cross due to termites. Infrastructure team will work with Town Services as a wrap around service and shared resources. The other important link is the role of TITEB related to training people in this line of work.

The beautification is an ongoing challenge and it is not due to the will of the Tiwi people, the challenge is to access funding that will enable Council to employ the elders who are still with communities; young people and TITEB. These are the young people being taught by the elders and TITEB the local Remote Training Organisation.

Airport Inspections and Maintenance

Responsible Officer	Infrastructure Coordinator	Number FTE	1
Strategic Goal	To provide effective Council services to the Tiwi Communities and other stakeholders; Manage finances, assets and infrastructure in a responsible, accountable and transparent manner.

Budget

Budget for the Financial Year Ending 30th June 2024

This plan contains information relating to the annual budget for the Council for the 2023/2024 financial year. The Council is required to prepare an Annual Budget in compliance with part 10.5 of the Local Government Act(2019). This budget specifies the Council's financial projections for providing services to the communities it serves.

The Council anticipates generating a total income of \$17.3 million during the financial year that ends on June 30, 2024. This income also includes the carried forward grants of 3.3 Million. This income includes several sources, such as \$3.2 million generated from rates and statutory charges, \$1.3 million from fees and charges, grant income of \$8.2 million, interest income of approximately \$150K, and other income of \$970k.

The Tiwi Islands Regional Council is highly dependent on grant funding to cover its operational and capital expenditure. Approximately 25% of total income is provided through untied grants and a further 36% through tied grants.

The Council endeavours to provide definitive grant revenue and expenditure forecasts (as opposed to estimates) for the 2023/24 and future financial years; however this may not be accurate due to some uncertainty as to the future programs which will be funded and the quantum.

The Council anticipates operating expenses of \$19.1 million, which include several categories of expenditure. Contracts and materials make up the largest portion, amounting to \$8.05 million. Employment expenses follow at \$6.6 million. Additionally, communication expenses make up \$622k. Depreciation, amortization, and impairment expenses come in at \$1.8 million, and other expenses round out the total at \$1.7 million.

A more detailed account of the Council's estimated income and expenditure is provided on the following pages.

Council has adopted a stance that ALL functions should meet an equitable share of the costs of the services that Council's infrastructure provides to enable their continued operation. In particular this means internal cost recovery (where possible) reflected in individual program budgets.

Staff housing

A fixed annual cost for staff housed by Council, charged according to the nature of the dwelling (1, 2 or 3 bedroom rates).

Motor vehicles

All budgeted for as part of fleet operations but charged according to functional use at rates that reflect daily, weekly, monthly or permanent assignment to any program or function. Where any program has been funded for the capital cost of such vehicles the cost is reduced to only cover running and service costs.

Grant administration fees

These are charged in accordance with the individual grant agreements.

ICT

A fixed annual cost for ICT equipment and services charged according to services provided.

Council objectives

The Tiwi Islands Regional Council Strategic Plan sets out our goals and objectives. These goals are set out under the Strategic Plan section of this document along with Council objectives. The service delivery plans outline the indicators that Council will use to measure the success of each program in contributing to our objectives. The objectives will also be used by managers to develop work and operational plans for each program area.

Miscellaneous services

These are charged at Council's declared rates between functions, for example trades services provided to any other part of Council or machinery hire between functions.

This budget also reflects a greater emphasis on cost recovery for services provided by Council to external parties and strives to avoid subsidisation of non-core services such as inter island transport.

Rates and charges for 2023/24

Rate increases will be 5% for all properties for this financial year, raising our rates levy to \$2,401,671.

2024 Budget - Rates and charges table

TOTAL			\$3,293,920

Other fees and charges

A full schedule of other fees and charges is available on the Tiwi Islands Regional Council website.

Relevant interest rate

The Council fixes the relevant interest rate for the late payment of rates and charges in accordance with Section 162 of the Act at a rate of 18% per annum which is to be calculated on a daily basis.

Payment

The Council determines the rates and charges of this declaration must be paid within 28 days of the issue of a rates notice under section 159 of the Act.

Payments falling due on a weekend or public holiday may be paid by the following business day without incurring any penalty.

Alternatively ratepayers may opt for payments monthly or quarterly. To do so they must seek the written agreement of the Council CEO. However, where such an option is exercised if payment is not received by the end of the relevant month or quarter, it will constitute a default and the full balance of the annual amount will become payable and recoverable immediately.

A ratepayer who fails to pay the rates and charges notified under the relevant rates notice under section 159 of the Act may be sued for recovery of the principle amount of the rates and charges, late payment penalties and costs reasonably incurred by Council in recovering or attempting to recover the rates and charges.

Socio economic impact of rates

Council assessed the socio economic impact on residents and local businesses when deliberating on residential and business rates.

TIRC recognises the circumstances of Tiwi home owners and accordingly continues to allow concessions on their amount payable. This continued commitment to supporting Tiwi people demonstrates strong principles of social justice and creates opportunities for funds to enter into the local economy.

Council also has provisions in place for all ratepayers to be able to apply for and make periodic payments towards their rates and charges payable. This approach enables residents, of all socio economic backgrounds, to make payments according to a fair and equitable timeframe.

Long Term Financial Plan

TIRC faces challenges in our long term financial planning as we depend on a variety of grants to deliver essential services and continue operations. Long term arrangements with these grant providers, largely the Commonwealth Government and the Northern Territory Government, are essential to creating a sustainable fiscal operational platform for TIRC.

There are no major initiatives planned over the next four years beyond the activities identified in the Regional Plan and Budget. TIRC's current financial position does not have untied funds available for significant new initiatives. With these circumstances in mind any new major community initiatives would be entirely reliant upon the provision of additional special purpose grant funding.

Over the period of the long term financial plan it is anticipated that the repairs, maintenance, management and development of infrastructure continue at the same level as outlined in the plan with adjustment for inflation. TIRC will continue to apply for additional funding to rectify identified deficiencies in infrastructure.

Budget Assumptions:

- All current core services will continue to be provided by the Council.
- Due to the small ratepayer base, the council heavily relies on grants from the territorial and commonwealth governments
- It is anticipated that the repairs, maintenance, management, and development of infrastructure will continue at the same level as outlined in the budget. TIRC will also continue to apply for additional funding to rectify identified deficiencies in infrastructure.
- At present, there are no major initiatives planned beyond the activities identified in the Regional Plan and Budget. TIRC's current financial position does not allow for untied funds to be allocated towards significant new initiatives. Therefore, any new major community initiatives would be heavily reliant upon the provision of additional special purpose grant funding.
- An annual increase of 2% in the Consumer Price Index (CPI) has been assumed.

Rates Declaration for 2023/2024

Notice is hereby given pursuant to Section 241 of the Local Government Act 2019, that the following rates and charges were declared by Tiwi Islands Regional Council at the Ordinary Council Meeting held on 30 June 2024, pursuant to Chapter 11 of the Local Government Act 2019 in respect of the financial year ending 30 June 2024.

Rates

Tiwi Islands Regional Council ('the Council') makes the following declaration of rates pursuant to Chapter 11 of the Local Government Act 2019 ('the Act').

- Pursuant to Section 227 of the Act, the Council adopts the Unimproved Capital Value as the basis for determining the Assessed Value of allotments within the Council area.
- The Council, pursuant to Section 237 of the Act, declares that it intends to raise, for general purposes by way of rates, the amount of \$2,621,147.74 which will be raised by the application of:
 - differential fixed charges; and

- (b) differential valuation-based charges with differential minimum charges being payable in the application of those differential valuation-based charges; and
3. The Council hereby declares the following rates:
- (a) With respect to each class of allotment of rateable land within the Council area that is used or occupied for Residential Purposes and where there is an Unimproved Capital Value assessed for the allotment, a valuation-based charge being 8.17 % of the assessed value of the allotment with a minimum amount being payable in the application of that charge being \$2,448.89 multiplied by the greater of:
 - (i) the number of separate parts or units that are adapted for separate occupation or use (pursuant to section 226(5) of the Act) on each allotment; and
 - (ii) the number 1.
 - (b) With respect to each class of allotment of rateable land within the Council area that is used or occupied for a Commercial Land Use and where there is an Unimproved Capital Value assessed for the allotment, (excluding pastoral leases and mining tenements), a valuation-based charge being 4.31% of the assessed value of the allotment with a minimum amount being payable in the application of that charge being \$2,367.98 multiplied by the greater of:
 - (i) the number of separate parts or units that are adapted for separate occupation or use (pursuant to section 226(5) of the Act) on each allotment; and
 - (ii) the number 1.
 - (c) With respect to each class of allotment of rateable land within the Council area that is Vacant Land and where there is an Unimproved Capital Value assessed for the allotment, a valuation-based charge being 8.17% of the assessed value of the allotment with a minimum amount being payable in the application of that charge being \$2,448.89
 - (d) With respect to each class of allotment of rateable land within the Council area that is used or occupied for Residential Purposes, where there is no Unimproved Capital Value assessed for the allotment, a fixed charge of \$2,448.89.
 - (e) With respect to each class of allotment of rateable land within the Council area that is used or occupied for Commercial Land Use (excluding pastoral leases and mining tenements), where there is no Unimproved Capital Value assessed for the allotment a fixed charge of \$2,367.98.
 - (f) With respect to each class of allotment of rateable land within the Council that is Vacant Land, where there is no Unimproved Capital Value assessed for the allotment a fixed charge of \$2,448.89.
 - (g) With respect to each allotment of rateable land which is a Mining Tenement as defined in the Act, a rate of 0.006427 of the assessed value of the allotment with the minimum amount payable in the application of that differential rate being \$1,647.93
 - (i) Contiguous tenements or reasonably adjacent tenements held by the same person are to be rated as if they were a single tenement.
 - (ii) If the owner of the mining tenement is also the owner of another interest in the land (the other interest) then:

1. If the rate calculated in accordance with this paragraph (g) is less than or equal to the rate payable for the other interest – no rate is payable for the mining tenement; or
 2. If the rate is calculated in accordance with this paragraph (g) (amount A) is greater than the rate payable for the other interest (amount B) – the rate payable for the mining tenement is the difference between amount A and amount B.
- (h) With respect to each allotment of rateable land which is a Pastoral Lease as defined in the Act, a rate of 0.000566 of the assessed value of the allotment with the minimum amount payable in the application of that differential rate being \$696.28

Charges

4. Pursuant to Section 239 of the Act, the Council declares the following charges in the Council area. Council intends to raise \$672,771.63 by these charges.
 - (a) For the purposes of these charges:
 - (i) 'Council area' means the area of Council as defined in the Act;
 - (ii) 'residential dwelling' means a dwelling house, flat or other substantially self-contained residential unit or building on residential land (whether or not it is exempt from rates) and includes a unit within the meaning of the Unit Titles Act and the Unit Titles Schemes Act;
 - (iii) 'residential land' means land used or capable of being used for residential purposes (but does not include land on which there is no residential dwelling);
 - (iv) 'allotment of commercial land' means land whose occupation and use of which is primarily for non-residential purposes and may be commercial or industrial by nature;
 - (v) the 'garbage collection service' comprises the collection of one garbage bin per week of a size and on days determined by the Council.
 - (b) Residential Garbage Collection Charge:
 - (i) The purpose for which this Charge is to be imposed is to assist Council in meeting the cost of the garbage collection service it provides to, or which Council is willing and able to provide to each allotment of residential land in the Council area;
 - (ii) It is the opinion of Council that such purpose is and will be of special benefit to those allotments;
 - (iii) A charge of \$846.27 per annum per residential dwelling will apply;
 - (c) Waste Disposal and Management Charge:
 - (i) The purpose for which this Charge is to be imposed is to assist Council in meeting the cost of providing the waste disposal facility to which Council is willing and able to provide access to each allotment of commercial or residential land in the Council area;
 - (ii) It is the opinion of Council that such service is and will be of special benefit to those allotments;
 - (iii) A charge of \$1,343.85, per annum per allotment of commercial land will apply.

- (iv) A charge of \$1,015.65, per annum per allotment of residential land will apply.
- (d) Commercial Garbage Collection Charge:
 - (i) The purpose for which this Charge is to be imposed is to assist Council in meeting the cost of the garbage collection service it provides to, or which Council is willing and able to provide to each allotment of commercial land in the Council area;
 - (ii) It is the opinion of Council that such purpose is and will be of special benefit to those allotments;
 - (iii) A charge of \$846.27 per annum per allotment of commercial land will apply;

Relevant interest rate

- 5. The relevant interest for the late payment of rates and charges is fixed in accordance with Section 245 of the Act at the rate of 18% per annum and is to be calculated on a daily basis.

Payment

- 6. The Council determines that the rates and charges declared under this declaration must be paid within 28 days of the issue of rate notice under Section 242 of the Act.

Payments falling due on a weekend or public holiday may be paid by the following business day without incurring late payment interest.

A ratepayer who fails to pay their rates and charges notified under the relevant rates notice under Section 242 of the Act may be sued for recovery of the principal amount of the rates and charges, late payment penalties, and cost reasonably incurred by the Council in recovering or attempting to recover the rates and charges.

Optional Services

- 7. In accordance with section 289 of the Act, Council resolves to impose the following fees for the following optional services:
 - (a) a fee of \$216.23 per annum for each additional weekly garbage collection through the use of more than one (1) council specified garbage bin approved by Council in response to a written request from a person liable to pay a charge in respect of a residential dwelling referred to in paragraph 4(b)(i),
 - (b) a fee of \$278.58 per annum for each additional weekly garbage collection through the use of more than one (1) council specified garbage bin approved by Council in response to a written request from a person liable to pay a charge in respect of an allotment of commercial land referred to in paragraph 4(d)(i),
